Venepuncture and Infusion Training Arm (White) is cast from life, the moulding of the Infusion Arm Trainer has been enhanced and integrates many new features resulting in an extremely realistic finish which shows a well developed male left arm in fine detail. Features consist of closed blood system which is clean to use with reduced risk of seepage, simple to set up, automatic pressure relief valve and supple wrist. The skin is moulded from a specially selected grade of silicone for enhanced feel, robustness and palpation of the veins.
