Parameters

A sobering reminder of why alcohol should never be used during pregnancy. The FAS Manikin is based on actual FAS infants and was designed with the help of a nurse/consultant specializing in FAS education. According to the National Organization on Fetal Alcohol Syndrome, FAS is the leading known preventable cause of mental retardation and birth defects today. Non-electronic.

The complete package

Includes cloth diaper, receiving blanket and instructor handbook — plus a National Organization on Fetal Alcohol Syndrome (NOFAS) video with dramatic testimonies from foster parents of FAS children. Powerful presentation introduced by actor Jimmy Smits and Senator Tom Daschle. Limited two-year warranty.

Lifelike

Anatomically correct female, available in light or medium skin tones.

Realistic

Typical defects include microcephaly, short palpebral fissures, flat midface, indistinct philtrum, thin upper lip, epicanthal folds, low nasal bridge, micrognathia, upturned nose and minor ear abnormalities.
