The Simon CPR Skills Trainer Torso is a CPR simulator manikin designed with realistic landmarks and one-piece disposable airways to practice and hone airway management and ventilation skills.

Product features:

- Disposable airways to practice hygienic mouth-to-mouth ventilation
- Fully articulating head, neck, and jaw permitting head/tilt, chin lift, jaw thrust, and neck extension into the “sniffing” position
- Airway blocked when head is forward
- Easily accessible chest cavity with ribcage, lungs, and heart for realism and practice of the Heimlich maneuver
- Realistic chest rise during ventilation
- Carotid and femoral arterial pulse sites
- Eyes open and close
- Normal, miosis (constricted), and mydriasis (blown) pupil states
- Independent left/right pupil states simulate consensual and nonconsensual response
- 10 disposable airways
- Detachable at waist for easy storage
- Instruction Manual
- Carrying bag
