Description

Mikrojemný mlýnek - pohon

Quantitative unit

ks

This continuous microfine, stainless steel grinder features interchangeable grinding heads. Choose the cutting grinding head for crushing fibrous substances such as paper and vegetation, as well as plastics and other materials with a low volume weight. The impact grinding head crushes brittle and hard materials such as minerals and building materials.

- Powerful drive
- Easy to clean working surface made of stainless steel
- Two different grinding heads can be attached to the drive
- Heads are easily changeable
