The UA-855 has encased a sophisticated memory recall system in an elegant body, a feature shared among our UA-85X series. The UA-855 is the only model that provides you with such comprehensive data, allowing you to monitor your health up close.

Outline of the memory recall system:

- 2-Person individual storage
- 120 Memory for each person

Information that can be reviewed from the stored memory data:

- Single value of stored data (All data, A.M. data and P.M. data)
- Average of stored data (All data, A.M. data and P.M. data)
- Histogram of stored data
 - Duration selection (All, 1 Month & 1 Week)
 - AM/PM selection (All, AM & PM)
 - Systolic/Diastolic selection

In addition to the sophisticated memory recall system, the UA-855 has extensive features to enhance your monitoring at home.

- Graphical blood pressure classification indicator/LED indicator
- Histogram display for stored data
- Two independent memories (120 x 2) + average reading with time, date and temperature
- Room temperature display
- Various memory recall functions for closer monitoring (All, 1 Week, 1 Month - with AM/PM selection)
- New large and bold display for easier reading
- Smooth and fast measurements
- Irregular Heart Beat (IHB) indicator
