The Ambu Perfit extrication collar is designed to assist with the maintenance of neutral alignment, prevention of lateral sway and anterior-posterior flexion and extension of the cervical spine during transport and routine patient care or movement.

- The Ambu Perfit collar is a one-piece rigid cervical spine immobilisation device available in 4 standard adult and 2 standard paediatric sizes. The Ambu Perfit comes with a flip chin piece for flat storage and preshape to fit the chin, and to facilitate intubation and removal of vomitus from the patient's mouth.
- The Ambu Perfit is CT and MRI compatible, and comes with a ventilated posterior shell for fluid drainage.
- The Ambu Perfit comes with a comprehensive sizing system for easy and accurate sizing.
- The Ambu Perfit shell material is made of polyethylene. Available in 4 standard adult sizes (3-6) and 2 standard paediatric sizes
