Bags

In keeping with the philosophy of Spencer, to always aim for perfection, Shannon has become “a must”. It is made with refined materials and with design experience gathered from around the world. No particulars have been ignored in order to guarantee absolute match between technological innovation, organizational possibilities and packaging. A soft conception applied also to the internal separations, closings which guarantee, notwithstanding the dimensions, the maximum level of comfort and functional efficiency. Shannon is made in tear proof nylon Ripstop with the dorsal part in reticular transpiring material.
