Plug-in board for assembling electrical and electronic circuits using components in plug-in housings. Features 4-mm sockets on the front and rear, each internally connected to a square of 9 sockets plus two continuous serial layouts each with 19 sockets.

Can be used laid horizontally on a table or vertically in mountings for a whiteboard (5401.U10381 or 5401.U10382). Two adjacent plug-in boards can be connected together via plug-in components to make a board that is twice as big.

- Connector squares: 16 complete squares and four half-squares
- Socket separation:
  - 19 mm from edge to edge of connector squares
  - 50 mm from centre to centre of connector squares
- Dimensions: 300 × 200 × 24 mm
