Parameters

Volume	222 l
Volume	222 l
Brand, Manufacturer	BMT
Inner dimensions (w x d x h) [mm]	540 x 520 x 760
Quantitative unit	ks

- Natural, precise – laboratory incubator
- 222-liter chamber volume
- Working temperature of from +5°C over ambient temperature up to 100°C
- Noiseless operation and fine air flow in the chamber
- High operation comfort, precise temperature regulation and short times of temperature recovery in the chamber after the door

opening

- High-quality and safe drying, heating and tempering of common laboratory materials in laboratories and industry; suitable for safe processing of microbiological cultures
- Standard model with a Fuzzy logic microprocessor control system; control elements situated on a foil keyboard, process information indicated on a LED display
- Wide range of optional equipment and accessories
- Output for a printer or PC connection
- Validation possibility (IQ , OQ)
