

Stericell 222 ECO - Hot Air Sterilizer
Stericell, objem 222 l
Order code: **2102.010572223**

Information about product price on demand

Parameters

Volume [l]	222
Inner dimensions (w x h x d) [mm]	540 x 760 x 520
Quantitative unit	ks

- Hot-air sterilizer - meets the criteria of a medical device
- 222-liter chamber volume
- Working temperature of from +10°C over ambient temperature up to 250°C
- Noiseless operation with a fine patented system of forced air flow in the chamber thanks to a built-in fan eliminating "cold air" area formation
- High operation comfort; precise temperature and time regulation; three preset sterilization programs
- Suitable for hot-air sterilization at health centers (two-door pass-through model enabling installation in a wall separating non-sterile

and sterile areas is available as well); for laboratory purposes; potential use as an oven

- Model with a Fuzzy-Logic microprocessor control system; control elements situated on a foil keyboard, process information indicated on a LED display
- Wide range of optional equipment and accessories
- Output for a printer or PC connection
- Validation possibility (IQ , OQ)
