Renewable energy sources are becoming more and more important. Our Solar Energy Class Set is the perfect way to teach even the youngest students about solar energy in a fun way. Three easy to build models help instructors teach the basic principles of solar energy using ten fully designed tasks and solutions, while delivering fun and exciting discoveries along the way. A class set contains 16 individual sets and is suitable for 30 pupils and one teacher, for example.

Highlights:

- Energy generation from renewable solar energy
- Series and parallel connection

In the education set included:

- 2x solarmodul 1V (x16)
- 1x solarmotor (x16)
- 1x minitaster (x16)
