Perfect audible and visual alarms including high and low temperature alarm, power failure alarm, sensor failure alarm, and door ajar alarm. With 3 high-quality steel wire shelves, the shelves are adjustable to any height for satisfying different requirements. Standard with build-in USB datalogger, remote alarm contact and RS485 interface for monitor system. 1 cooling fan inside, working while door is closed, stopped while the door is opened. The CFC-free polyurethane foam insulating layer is environmentally friendly. Adopt double layer foamed solid door, high efficiency heat preservation. The medical refrigerator is equipped with 2 sensors. When the primary sensor fails, the secondary sensor will be activated immediately. The door is equipped with a lock preventing from unauthorized opening and operation.
