A84/1 - Mini Hip Joint with crosssection

Order code: 4004.1000168

Cena bez DPH 43,20 Eur

Parameters

Price with VAT

Quantitative unit ks

The mini hip joint model has been reduced to a half of natural size but has kept all of the functionality of larger hip joint models. In addition to the external anatomical structures, the hip joint cross-section mounted on the base, the medical or teaching professional now has the possibility to explain what is happening from "within" the hip joint. This mini hip joint is a great way to study the anatomy of the human body.

52,27 Eur

Dimensions: $16 \times 12 \times 20$ cm

Weight: 290 g
