Information about product price on demand

With the creation of B-bak, Spencer has set a new technology reference level for the industry, providing a spine board that reduces the possibility of contamination during transportation of the patient. High density completely recyclable polyethylene, moulded into a unique, one piece shell; this technique guarantees the B-bak the following exclusive characteristics:

- rigidity
- lightness
- resistance to bumps and corrosion
- completely waterproof
- · does not absorb liquids
- immune to infiltrations
- easy to clean (water and soap are sufficient)
- totally X-ray compatible (the patient can be removed from the spine board even after carrying out X-rays or CAT scan investigations)

• **Dimensions:** 405 × 50 × 1 837 mm

• Weight: 6,7 kg

• Load capacity: 180 kg

• Functioning temperature: from -20 to +60 °C
