## Parameters

Types of bags and cases

Bags

A wide central compartment and two side pockets. There is a removable padded wall placed in the central compartment, it is complete with dividers for small accessories. This container can be placed in the upper part to leave space for a manual resuscitator and face masks. On the inside of the top flap, two rows of elastics allow insertion of different accessories. Three pockets, a front one and two side ones, are closed with protected zippers.

- **Dimensions:** 420 × 250 × 200 mm
- Weight: 850 g
