The 5 different sections of the spinal column differentiated by color on this spine model. The features on this didactic spine are:

- 7 cervical vertebrae
- 12 thoracic vertebrae
- 5 lumbar vertebrae
- Sacrum
- Coccyx

Use this new spinal column for simplified patient education or for lessons in a classroom environment where the didactic colors help to immediately track the explanation about the human spine, even from a distance. This spine is not only an extremely good value but it also a durable spine. Other great features of the Didactic Flexible Spine Model are:

- Full pelvis and occipital plate
- Fully flexible mounting throughout spine

- L3-L4 disc prolapsed on spine
- Spinal nerve exits
- Cervical vertebral artery
- Male pelvis
- With movable mounted femur heads

Stand is not included with spine.
