

HELAGO-CZ, s.r.o. Commercial Register maintained by the Regional Court in Hradec Králové Section C, File 17879 Kladská 1082 500 03 Hradec Králové 3

Company ID: 25 96 39 61, VAT: CZ 25963961 Phone: 495 220 229, 495 220 394

Fax: 495 220 154 GSM gate: 602 123 096 E-mail: info@helago-cz.cz Web: http://www.helago-cz.cz 524009A - Mobile-CASSY Order code: 5210.524009A

Information about product price on demand

Parameters

Quantitative unit ks

Universal hand-held measuring instrument for science purposes.

- Used in conjunction with sensors from the CASSY family, Mobile-CASSY can perform varied measurements in the fields of physics, chemistry, and biology, e.g. measurement of temperature, conductivity, pH value, pressure, force, heart rate and many other quantities.
- Up to four measured values can be displayed at the device, which offers several type sizes to be selected from.
- If Mobile-CASSY is used in conjunction with CASSY Lab (524 220), the computer can be employed for large-screen displays and for recording measured values.
- With integrated real-time clock and data logger.
- Data memory for up to 16,000 measured values is preserved after switching off and can thus be read by CASSY Lab via the USB port later on.
- The performance can be expanded by updating via CASSY Lab at any time.
- Simplified charging by built-in rechargeable battery.

Technical Data:

• Sensor connector site: most CASSY sensors can be connected

Resolution: 12 bit

Scanning rate: max. 5 values/s

Number of measurement quantities: max. 8 (depending on sensor) per Mobile CASSY

Measurement quantities and ranges are changed automatically after connected a sensor box (automatic recognition of sensor box). For more details regarding the available measurement ranges see at the sensors.

• Data logger: max. 16.000 measured values

Scanning interval: adjustable from 5 values/s to 1 value/h

• Connections:

CASSY sensor connector site (15-pole)

USB (compatible with 1.x and 2.0, isolated)
Cannon plug for plug-in power supply 12 V AC/DC

• Built-in rechargeable battery

• Capacity: 9 Wh

• Dimensions: 87 mm x 215 mm x 30 mm

• Weight: 350 g
